DISABLED PEOPLE'S ORGANIZATION OF BHUTAN

Registration No. CSOA/PBO-09

## 6. Key Roles and Responsibilities

The enumerators shall support the implementation of nationwide disability screening and certification activities across all 20 dzongkhags through field coordination, registration, data collection, and logistical support.

Specific responsibilities include:

- Supporting registration and documentation during disability screening activities
- Assisting in collecting, verifying, and organising beneficiary information and records
- Supporting data entry and digital documentation processes
- Coordinating with local authorities, health facilities, and screening teams during field visits
- Assisting in mobilisation and communication with beneficiaries in designated catchment areas
- Ensuring proper handling and confidentiality of sensitive information and records
- Providing logistical and administrative support during screening camps and outreach activities
- Preparing field reports and submitting updates to the project team
- Performing any other tasks assigned relevant to the implementation of the project

## 7. Required Qualifications and Experience

Applicants should possess:

- Minimum Class XII completion; diploma or degree preferred
- Prior experience in field surveys, data collection, community-based projects, or health-related programmes will be an advantage
- Basic computer skills, including data entry and use of digital platforms
- Good communication and interpersonal skills
- Ability to work in remote locations and under field conditions
- Fluency in Dzongkha and English is mandatory
- Knowledge of additional local languages will be considered an added advantage

## 8. Mandatory Requirement

Applicants who are able to drive and possess a valid driving licence will be given preference, as the assignment requires frequent travel and field deployment across dzongkhags.

## 9. Core Competencies

- Teamwork and coordination
- Attention to detail
